Paintings, Prints and Drawings

16<sup>th</sup> – 27<sup>th</sup> November 2009

For this exhibition Julie has created a series of paintings, prints and drawings that explore themes of action and violence. The work depicts imagery found in comics and advertisements, combining them with photography and found imagery of walls and graffiti tags found in back streets and in rundown areas of town centres.

Julie Saul graduated in Fine Art from Lancaster University in 2004 and completed the MA Fine Art, Painting and Printmaking at University of Central Lancashire in 2006.
